Protect your build

MASTER BUILDERS GUARANTEE

Building a house is probably the biggest investment of your lifetime. The Master Builders 10-year Guarantee helps protect it. This guarantee has been protecting homes for over 25 years.

Only a Master Builder can offer you the Master Build 10-Year Guarantee.

If you would like to discuss adding a Master Build Guarantee with your purchase please get in touch.

WHY DO YOU NEED A GUARANTEE

A Master Build 10-Year Guarantee protects you through the building process, and for the next 10 years. It provides much greater protection than both the Building Act and Consumer Guarantees Act. The protection provided by our Guarantee not only gives you peace of mind — it also makes good financial sense.

- If anything were to happen during your build, your Guarantee covers you so that your new home is finished to the highest standard.
- It adds value to your property.
- It's fully transferable if you decide to sell.
- It helps finance your build, as most banks require it.
- It costs less than 1% of the total build cost to protect your biggest investment.
